

Provider Alert

To: MDwise Hoosier Alliance Providers

Subject: Removal of C-Section Prior Authorizations

From: MDwise Hoosier Alliance

Date: September 13, 2010

MDwise Hoosier Alliance previously notified you via letter dated April 9, 2010 of additions to our Prior Authorization List. Of the additions cited, Cesarean Section for non-emergent/scheduled deliveries was included in this list as requiring prior authorization to begin June 1, 2010.

In response to the feedback we received from our MDwise Hoosier Alliance Provider(s) and our Physician Advisory Group, MDwise Hoosier Alliance has reconsidered this addition and made the decision to not require prior authorization of Cesarean Sections for non-emergent/scheduled deliveries.

Please continue to send Cesarean and Vaginal Delivery Notifications via fax or phone as you have always done. We apologize for any inconvenience that this may have caused and please feel free to call MDwise Hoosier Alliance's Prior Authorization Department at 1-866-961-3100 if you have any questions.
