Dear MDwise Hoosier Alliance Provider:

MDwise Hoosier Alliance would like to remind contracted practitioners that Indiana Health Coverage Programs (IHCP) allows up to two postpartum visits within 60 days post delivery. The IHCP policy allows reimbursement for up to two inpatient or outpatient postpartum visits.

By following these best practice guidelines for your billing submissions, we can more accurately capture your HEDIS (Healthcare Effectiveness Data and Information Set) performance:

- When using CPT codes 59410, 59515, 59614, or 59622 — which include delivery plus postpartum care — you can bill one additional postpartum visit with CPT code 59430.
- When using CPT codes 59409, 59514, 59612, or 59620—codes that capture delivery only—you can bill two additional postpartum visits with CPT code 59430.

Please note that postpartum care is a pregnancy-related service. When billing for this service, IHCP policy requires you to include the Last Menstrual Period (LMP) date and a pregnancy-related diagnosis code on all claims, such as V24.1 – V24.2.

To view the full text of postpartum billing rules, visit:

<http://www.indianamedicaid.com/ihcp/Manuals/Provider/chapter08.pdf>, pages 267 and 268.

We hope these recommendations will help your practice and patients. For additional questions, please contact your account executive.

Sincerely,

Devon Nichols
Manager, Network Management
